Since 1893

University Destinations

At Harrogate Ladies' College we have an excellent track record of securing places at some of the UK's top Universities. The majority of our girls secure their first choice of university, a high percentage of which are Russell Group institutions.

We always encourage our pupils to be themselves and to choose the path, and therefore the course, that is right for them. The diversity of the subjects our girls go on to study is a real reflection of this and our overall ethos.

In 2018 over 80% of our girls received offers from Russell Group universities and 87% secured their preferred choice of university.

“At Harrogate Ladies' College, I have been able to find my own way. I'm very grateful for all the opportunities I've had here and am now excited to study Classics at Oxford.”

Jennifer Claridge, now studying Classics at Oxford University
